

TROY AQUATICS

Youth Swim & Dive Camps 2021

Summer camp is a fun way to stay cool, and learn or improve skills required for all aquatic sports!

TROY Swim & Dive team is offering several camps for youth athletes, and prospective freshmen interested in joining aquatics. Classes will require a minimum of two athletes, and be capped at a maximum of six athletes for training and safety purposes. Smaller class sizes will allow us to focus each individual on fundamental technique, competitive skills, and/or advanced training as needed. Swim camps are intended to teach skills required for aquatic sports, but basic water safety skills are required to participate.

All participants must demonstrate their ability to swim at least 15 yards unassisted.

Payment must be received before classes begin; NO refunds.

Class sizes will be limited to 2-6 athletes.
